Professional Experience

Client: PepsiCo

Project 1: AMENA PPM Flow

Duration: 1 January 2018 till date

- On daily basis data is downloaded from PepsiCo Answers Portal & around 400 reports are generated based on country & category.
- The process for downloading the data from PepsiCo Answer Portal & refreshing the data to create new reports was manual which takes 30 minutes cycle time to complete one report.
- All the manual steps are automated through UiPath RPA tool to have significant reduction in cycle time for each report.

Responsibilities:

- Designed and developed the automation workflows.
- Supporting the implementation of the RPA solution.
- Daily Scrum.
